Next-Generation Wound Care

Comfort Release® Transparent Dressings

ADHESIVE DRESSING THAT CAN BE APPLIED TO THE SKIN WITHOUT FEAR OF INJURY

TO REMOVE PAINLESSLY: Wet the dressing border with rubbing alcohol (prep pads) until it lifts easily from the skin.

Eliminates the risk of dressing wraps slipping off the wound.

Acts as a Secondary Cover for:

- Collagen
- Placental Graft
- Xenograft
- Foam
- Honey Pad
- Hydrogel Pad
- Telfa & Ointment
- Silver Pad

Transparent Dressings

- Waterproof, shower shield
- Breathable
- Long-lasting
- Hypoallergenic
- Not made with natural rubber latex
